

St Peter's Cross Keys Academy -Emergency School Closure Information

There are occasions when school has to close due to bad weather, power failure etc.

If this happens overnight and school is unable to open in the morning, school will notify parents by the following methods:

(Please note that it maybe that we have no access to the text system or not have the ability to post items on the internet, so if you wish to double check and have heard that we maybe closed, then please check one of the other options listed below.)

1. Text messaging system
2. Front page of the school website
3. BBC Radio Nottingham - they will list the schools closed or alternatively check their website <http://www.bbc.co.uk/nottingham>.
4. Lincs FM – again they will list the schools closed or check their website
5. Radio Newark –will list schools closed and put on their website

If the closure happens part way through the school day we will contact parents via text or phone call, depending upon the circumstances. You will be asked to come and pick up your child(ren) and this maybe from the school or another place, such as The Memorial Hall on Marsh Lane.

Please be reassured that the school is required to have procedures in place for emergency closure and emergency evacuation of the school.
