

Staff/Volunteer Acceptable Use Agreement 25-26

I understand that I must use academy systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users. I recognise the value of the use of digital technology for enhancing learning and will ensure that students / pupils receive opportunities to gain from the use of digital technology. I will, where possible, educate the young people in my care in the safe use of digital technology and embed online safety in my work with young people.

For my professional and personal safety:

- I understand that the academy will monitor my use of the school digital technology and communications systems.
- I understand that the rules set out in this agreement also apply to use of these technologies (e.g. laptops, email) out of school, and to the transfer of personal data (digital or paper based) out of school (as per the BYOD policy and in line with GDPR best practices).
- I understand that the academy digital technology systems are primarily intended for educational use and that I will only use the systems for personal or recreational use within the policies and rules set down by the academy.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will immediately report any illegal, inappropriate or harmful material or incident, I become aware of, to the appropriate person.

I will be professional in my communications and actions when using school / academy ICT systems:

- I will not access, copy, remove or otherwise alter any other user's files, without their express permission.
- I will communicate with others in a professional manner, I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will ensure that when I take and / or publish images of others I will do so with their permission and in accordance with the academy's policy on the use of digital / video images. I will not use my personal equipment to record these images, unless I have permission to do so. Where these images are published (e.g. on the school website) it will not be possible to identify by name, or other personal information, those who are featured.
- I will only use social networking sites in school in accordance with the academy's social media and other policies.
- I will only communicate with students / pupils and parents / carers using official school systems. Any such communication will be professional in tone and manner.
- I will not engage in any on-line activity that may compromise my professional responsibilities.

The academy and the MAT have the responsibility to provide safe and secure access to technologies and ensure the smooth running of the school / academy:

- When I use my mobile devices (laptops / tablets / mobile phones / USB devices etc.) in school, I will follow the rules set out in this agreement, in the same way as if I was using academy equipment (see BYOD policy). I will also follow any additional rules set by the academy about such use. I will ensure that any such devices are protected by up to date anti-virus software and are free from viruses. I will not use personal email addresses on the academy ICT systems.

- I will not open any hyperlinks in emails or any attachments to emails, unless the source is known and trusted, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programs).
- I will check the recipient(s) of any email I send carefully to ensure that it is not received by any inappropriate individuals either in or outside of the organisation.
- I will not try to upload, download or access any materials which are illegal (child sexual abuse images, criminally racist material, adult pornography covered by the Obscene Publications Act) or inappropriate or may cause harm or distress to others. I will not try to use any programs or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials.
- I will not install or attempt to install programs of any type on a machine, or store programs on a computer, nor will I try to alter computer settings, unless this is allowed in academy policies.
- I will not disable or cause any damage to academy equipment, or the equipment belonging to others.
- I will only transport, hold, disclose or share personal information about myself or others, as outlined in the Academy / MAT Data Protection Policy (or other relevant policy). Where digital personal data is transferred outside the secure local network, it must be encrypted. Paper based Protected and Restricted data must be held in lockable storage.
- I understand that data protection policy requires that any staff or student / pupil data to which I have access, will be kept private and confidential, except when it is deemed necessary that I am required by law or by academy policy to disclose such information to an appropriate authority.
- I will immediately report any damage or faults involving equipment or software, however this may have happened.

When using the internet in my professional capacity or for school sanctioned personal use:

- I will ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not download or distribute copies (including music and videos).

I understand that I am responsible for my actions in and out of the school / academy:

- I understand that this Acceptable Use Agreement applies not only to my work and use of academy digital technology equipment in school, but also applies to my use of academy systems and equipment off the premises and my use of personal equipment on the premises or in situations related to my employment by the academy
- I understand that if I fail to comply with this Acceptable Use Agreement, I could be subject to disciplinary action. This could include a warning, a suspension, referral to Governors / Directors and in the event of illegal activities the involvement of the police.

I have read and understand the above and agree to use the school digital technology systems (both in and out of school) and my own devices (in school and when carrying out communications related to the school) within these guidelines.
