

Our current value is..

Dignity

For our pupils

We believe all of our children have something unique to bring to life at school. Therefore we try have a range of roles that can utilize and develop these strengths. For example, we have a team of play leaders, a collective worship team and a welcome committee.

For our staff

We support all of our staff to develop and grow in their roles. With all teaching staff leading CPD sessions and having the opportunity to lead on areas of school which they are passionate about. Ensuring all our teacher know the value they have in our school and vital role they have.

For whole school community

We have a passionate open door policy and support our families through challenging times, and celebrate alongside them in the good times. We are keen to know about wider family life and encourage a close partnership beyond the classroom.
