

# Our current value is...

## Hope

### For our pupils

We understand how important social relationships are in our learning journey and the challenges this can sometimes present. Our strong emphasis on relationships supports children to forgive and restore friendships after falling out or disagreeing.

### For our staff

We are ambitious for all our adults in school. People are encouraged to make suggestions and take on leadership roles if they feel they have something to offer.

### For whole school community

We have a passionate open door policy and support our families through challenging times, and celebrate alongside them in the good times. We are keen to know about wider family life and encourage a close partnership beyond the classroom.
