

Our current value is...

Joy

For our pupils

We plan many opportunities into our curriculum to bring joy to our pupil's whether this be through trips, outdoor learning or celebration days. We also give children the opportunity to bring joy to each other during class worship and through our 'tribe time' sessions.

For our staff

We put our staffs professional wellbeing at the core of our CPD opportunities. Providing our teachers with oppoutunites to share their 'golden moments' in staff meetings and what moments in their week has brought them joy and passing this joy on to other staff members.

For whole school community

Giving our whole school community opportunities to visit school and share joy with our children and staff members is very important to us, inviting our whle school communitiy to share our whole school shows, festival celebrations at our church and fates and fairs organized by our PTA.
