

# Our current value is...

## Wisdom

### For our pupils

Our curriculum is broad and balanced, ensuring all children benefit from all subjects, developing specialisms and love for key subjects over time. We provide opportunity that encourages children to think more deeply, developing the wisdom required in life.

### For our staff

All staff in school have access to ongoing professional development. Our school Governors have a comprehensive training pathway from induction through to developing specialisms such as financial governance.

### For whole school community

We are here to support everyone to grow, learn and develop truly believing there is always something new to learn and understand. Offering opportunities for all of our community to develop wisdom.
