Acceptable use of technology in school for all pupils

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and support learning. Young people should have an entitlement to safe access to these digital technologies.

Acceptable use Agreement

- I understand that I must use the school systems in a responsible way, to ensure that there is no risk to my safety or to the safety of the school systems and other users. I understand that the school systems and devices are primarily intended for educational uses and that I will not use them irresponsibly.

For my own Safety

- I understand that the school will monitor my use of technological equipment.
- I will keep my password and users secure.
- I will participate actively in all areas of my e-safety lessons.
- I will report any images, messages or language that make me feel uncomfortable.

I will take responsible actions

- I will respect others' work and property.
- I will not use or share other usernames.
- I will be respectful when communicating online and understanding other people's opinions.
- I will not take or distribute images, messages or videos of anyone without their permission.
